Product Description:

Eco Solvent Ink

Eco Solvent Ink is an environmentally-friendly ink that has been specially developed to meet the increasing demand for gentle solvent ink in the printing industry. It is a high-quality ink that is designed to deliver exceptional results while also minimizing its impact on the environment.

Our Eco Solvent Ink comes in a wide range of colors to cater to all your printing needs. The color options include black (BK), cyan (CY), magenta (MG), yellow (YL), light magenta (LM), light cyan (LC) and light black (LB). With these vibrant colors, you can achieve stunning and vivid prints that are sure to catch the attention of your target audience.

When it comes to shipping, we offer various options such as air, DHL, China Post, and Aramex, to ensure that our customers can receive their orders in a timely and efficient manner. We understand the importance of prompt delivery in the printing industry, and we strive to provide the best shipping services possible.

Eco Solvent Ink is highly durable and can last for one and a half years, making it the perfect choice for long-term outdoor advertising. It is specially formulated to withstand harsh weather conditions, ensuring that your prints remain vibrant and eye-catching throughout its lifespan. This durability also makes it suitable for various applications, including car stickers, billboards, light box advertising, outdoor advertising, and store advertising.

Our Eco Solvent Ink comes in a practical 1L volume, providing you with enough ink to cater to your printing needs. This volume is ideal for both small and large-scale printing projects, making it a cost-effective option for businesses of all sizes.

Choose Eco Solvent Ink for a gentle solvent ink that delivers exceptional results while being environmentally-friendly. Our Eco Friendly Solvent Ink is the perfect choice for those who want to create eye-catching prints while also minimizing their impact on the environment. Try it today and see the difference it can make in your printing projects!

Packing and Shipping:

Packaging and Shipping

Packaging:

Eco Solvent Ink is packaged in sealed, airtight bottles to ensure safe and secure delivery to our customers. The bottles are made of high-quality plastic that is durable and leak-proof. Each bottle is labeled with the product name, volume, and batch number for easy identification. The bottles are then placed in a sturdy cardboard box with protective packaging materials to prevent any damage during transportation.

Shipping:

Our shipping process is carefully designed to ensure timely and safe delivery of Eco Solvent Ink to our customers. We work with reliable shipping partners to guarantee efficient delivery to all destinations. We offer various shipping options to meet the specific needs of our customers, including standard delivery, expedited shipping, and international shipping. We also provide tracking information for all orders, so our customers can easily track the status of their shipment.

For international shipments, we follow all necessary customs regulations and provide all required documentation to ensure smooth and hassle-free delivery. Our team carefully inspects each order before shipping to ensure that it meets our high-quality standards.

Overall, we strive to provide our customers with a seamless and satisfactory experience when it comes to packaging and shipping Eco Solvent Ink. We are committed to delivering our products to you in a timely and efficient manner while ensuring they are well-protected during transit.
