Product Description:

Tucaí[®]
图彩

Features:

Product Name: EPSON UV Ink
Property:
Hard/Soft
Volume: 500 MI
Printing Type: Digital Printing
Adhesion: Excellent
Ink Configuration: BK/CY/MG/YL/WH
Key Features:
EPSON UV Printing Ink
UV Printing Ink Solution
UV Ink for EPSON
High Adhesion
Easy Operation

Technical Parameters:

Product Name	EPSON UV Ink
Adhesion	Excellent
Ink Configuration	BK/CY/MG/YL/WH
Property	Hard/Soft
Chemical Resistance	Excellent
Scratch Resistance	High
Volume	500 MI
Printing Type	Digital Printing
Suitable Printhead	Epson DX5 DX7 XP600 TX800
Keywords	EPSON UV Printing Ink, EPSON Ultraviolet Ink, Ultraviolet Printing Ink

Applications:

EPSON UV Ink: The Perfect Solution for Your UV Printing Needs

Brand Name: Tucai
Place of Origin: China
Price: \$14
Delivery Time: 7 days
Chemical Resistance: Excellent
Volume: 500 ml
Scratch Resistance: High
Ink Configuration: BK/CY/MG/YL/WH
Property: Hard/Soft

UV printing has become increasingly popular in the printing industry due to its ability to produce high quality and durable prints. However, to achieve the best results, you need a reliable UV ink solution. This is where EPSON UV Ink comes in.

EPSON UV Ink, manufactured by Tucai in China, is the perfect solution for all your UV printing needs. With a chemical resistance that is second to none, this ink is able to withstand harsh chemicals and solvents, making it ideal for printing on a wide range of materials.

One of the key features of EPSON UV Ink is its excellent scratch resistance. This means that your prints will remain intact even when subjected to rough handling or harsh weather conditions. This makes it perfect for outdoor signage, labels, and other applications that require durability.

The ink comes in a volume of 500 ml, providing you with enough ink to handle large printing jobs without the need for frequent refills. And with a delivery time of only 7 days, you can rest assured that you will have your ink when you need it.

EPSON UV Ink is specially designed for use with EPSON printers, ensuring compatibility and optimal performance. The ink configuration of BK/CY/MG/YL/WH allows for a wide color gamut, giving you the ability to produce vibrant and accurate colors in your prints.

One of the unique properties of EPSON UV Ink is its versatility. It can be used on a variety of surfaces, including hard, soft, and neutral materials. This makes it suitable for a wide range of applications, from printing on plastic and metal to wood and glass.

So whether you're in the business of printing signs, labels, packaging, or any other UV printing needs, EPSON UV Ink is the perfect solution for you. With its excellent chemical and scratch resistance, fast delivery time, and versatile properties, this ink will help you achieve professional and durable prints every time.

About EPSON UV Ink

Tucai is a leading supplier of high quality Ultraviolet Printing Ink, specifically designed for use with EPSON printers. Our ink is produced and customized in China, ensuring the best price and delivery time for our customers.

Customized Service

At Tucai, we understand the importance of meeting the unique needs of our customers. That's why we offer customized services for our EPSON UV Ink, including color matching, volume adjustments, and special packaging options.

High Quality and Excellent Adhesion

Our EPSON UV Ink is known for its high quality and excellent adhesion, ensuring vibrant and long-lasting prints. The ink is specially formulated to adhere to a variety of surfaces, making it versatile for a wide range of printing needs.

Suitable Printhead

Our EPSON UV Ink is compatible with the following printheads: Epson DX5, DX7, XP600, and TX800. This ensures that our ink is optimized for use with these specific printers, resulting in the best print quality.

Choose Your Property

Tucai's EPSON UV Ink is available in three different properties: Hard, Soft, and Neutral. This allows you to choose the best option for your specific printing needs, whether it be for rigid or flexible materials, or a neutral finish.
