Product Description:

EPSON UV Ink Product Overview

The EPSON UV Ink is a high-quality UV printing ink solution specifically designed for EPSON printers. This ink is perfect for digital printing and offers excellent adhesion and scratch resistance.

With a volume of 500 ml, this UV ink is perfect for large-scale printing projects. It is available in five different colors: black (BK), cyan (CY), magenta (MG), yellow (YL), and white (WH). This ink configuration allows for vibrant and accurate color reproduction, making it ideal for a wide range of printing applications.

Key Features:

Scratch Resistance: The EPSON UV Ink offers a high level of scratch resistance, ensuring that your prints remain in pristine condition

even after frequent handling.

Printing Type: This ink is specifically designed for digital printing, providing high-quality results with sharp and precise details.

Adhesion: The adhesion of this UV ink is excellent, ensuring that it adheres to a variety of surfaces, including paper, vinyl, and other materials.

Volume: With a volume of 500 ml, this UV ink is perfect for high-volume printing projects, making it a cost-effective solution for businesses.

Ink Configuration: The EPSON UV Ink is available in five different colors, providing a wide range of color options for your printing needs.
UV Printing with EPSON:

EPSON is a renowned brand in the world of printing, and their UV printing technology is no exception. By using EPSON UV Ink, you can take advantage of the following benefits:

High-quality prints with vibrant colors and sharp details

Quick drying time, allowing for faster production

Durable prints with excellent scratch resistance

Versatile printing options, including printing on a variety of materials

Cost-effective solution for businesses of all sizes

Overall, the EPSON UV Printing Ink is a top-of-the-line solution for your digital printing needs. With its scratch resistance, excellent adhesion, and vibrant color options, this ink is guaranteed to deliver high-quality results every time.
