Eco-Solvent UV Printer Ink - UV Printer ink for Ricoh Printer

Introducing our latest innovation in printing technology - Eco-Solvent UV Printer Ink. With a capacity of 1000 MI, this ink is perfect for high-volume printing needs. Its good flexibility makes it suitable for a wide range of applications including acrylic and lighting printing. Compatible with Ricoh G5, G6, GH2220, G5i, and 3200 models, our UV printer ink offers exceptional quality and compatibility. The ink is available in five vibrant colors - BK (black), CY (cyan), MG (magenta), YL (yellow), and WH (white) - providing you with a wide color gamut for your printing needs.

Our Eco-Solvent UV Printer Ink is specially designed to provide fast-drying, waterproof, and scratch-resistant prints, making it ideal for both indoor and outdoor use. The UV properties of this ink ensure that your prints are long-lasting and maintain their vibrant colors even after prolonged exposure to sunlight.

Whether you're looking to print on acrylic or lighting materials, our UV printer ink delivers exceptional results with sharp and clear details. It is also suitable for a variety of substrates, including paper, vinyl, and fabric, making it a versatile choice for all your printing needs.

Upgrade your printing game with our Eco-Solvent UV Printer Ink - the perfect choice for professionals and businesses looking for high-quality, durable, and vibrant prints. Try it today and experience the difference it can make in your printing projects!
