Product Description:

The Eco Solvent Ink has a fast drying time, making it ideal for printing projects that require a quick turnaround. This feature is especially useful for printing outdoor advertisements and car stickers as they need to be applied as soon as possible.

Our Eco Solvent Ink comes in six different colors, namely BK, CY, MG, YL, LM, and LC. These colors are vibrant and produce high-quality prints that are sure to catch the attention of your target audience.

This green solvent ink is compatible with Epson Printhead, making it easy to switch to this ink without having to replace your printer. It is important to note that this ink is specifically designed for use with Epson Printhead only.

The application of Eco Solvent Ink is versatile. It can be used for car stickers, billboards, light box advertising, outdoor advertising, store advertising, and much more. You can be assured that your prints will be of high quality and long-lasting.

In summary, the Eco Solvent Ink is an environmentally-friendly ink that is perfect for printing high-quality and vibrant prints. With a fast drying time and six vibrant colors to choose from, you can be assured that your prints will be of the highest quality. It is compatible with Epson Printhead and can be used for a wide range of printing applications. Choose the Eco Solvent Ink for your printing needs and contribute towards a greener planet.

Applications:

One of the main applications of this ink is for car stickers. Our Eco Solvent Ink is perfect for this use because it adheres well to the surface of the car and resists fading due to its high-quality ink type. Additionally, billboards and light box advertising are also great applications for this ink. The ink's vibrant colors, including BK, CY, MG, YL, LM, and LC, make it an excellent option for creating eye-catching advertisements.

Outdoor advertising and store advertising are other great applications for our Eco Solvent Ink. Because it is weather-resistant, it is perfect for outdoor use, and it can withstand harsh weather conditions without losing its vibrant color. Additionally, it is easy to clean, which makes it a great option for store windows and other indoor advertising uses.

This ink is specifically designed for use with Epson Printheads, ensuring compatibility and high-quality results. Samples are available for those who would like to test the product before making a purchase.

In summary, our Eco Solvent Ink product is an excellent option for those in need of high-quality, environmentally-friendly ink. It is competitively priced, made in Korea, and perfect for a variety of applications, including car stickers, billboards, light box advertising, outdoor advertising, and store advertising.
