Product Description:

EPSON Ultraviolet Ink comes in a volume of 500 ml and is available in a variety of colors, including black, cyan, magenta, yellow, white, light magenta, and light cyan. With this range of colors, you can create stunning, vibrant prints that stand out from the crowd. One of the key features of EPSON Ultraviolet Ink is its excellent adhesion. This means that the ink adheres strongly to a wide range of materials, including plastics, metals, and glass. Whether you're printing on paper, vinyl, or other substrates, you can be confident that your prints will be of the highest quality. In addition to its adhesion properties, EPSON Ultraviolet Ink also offers excellent scratch resistance. This means that your prints will remain in top condition, even in high-traffic areas where they may be subject to wear and tear. EPSON Ultraviolet Ink is designed for digital printing, making it the perfect choice for anyone looking for high-quality, fast, and efficient printing solutions. Whether you're printing banners, posters, or other large-format materials, EPSON Ultraviolet Ink can help you achieve

the results you need.
In conclusion, if you're looking for a high-quality UV Ink for EPSON printers, EPSON Ultraviolet Ink is the perfect choice. With its excellent adhesion, scratch resistance, and range of vibrant colors, it's the perfect solution for all your digital printing needs.

Color: BK/CY/MG/YL/WH/LM/LC
Suitable Printhead: I3200/DX5/DX7/XP600/TX800
Volume: 500 MI
Quantity: 1 Bottle
Adhesion: Excellent

Technical Parameters:

Technical Parameter	Value
Product Name	EPSON UV Printing Ink Solution
Brand	EPSON Ultraviolet Ink
Color	BK/CY/MG/YL/WH/LM/LC
Quantity	1 Bottle
Scratch Resistance	High
Adhesion	Excellent
Suitable Printhead	I3200/DX5/DX7/XP600/TX800
Chemical Resistance	Excellent
Printing Type	Digital Printing
Volume	500 MI

Applications:

The Tucai brand, from China, offers this EPSON Ultraviolet Ink at an affordable price of just \$14. This ink comes in a 500 ml volume, making it a cost-effective option for large-scale printing projects. Additionally, with a delivery time of just 7 days, customers can receive their orders quickly and efficiently.

One of the key features of this ink is its excellent chemical resistance, making it suitable for printing on surfaces that are exposed to harsh chemicals or cleaning agents. The adhesion of this ink is also excellent, ensuring that the prints are durable and long-lasting.

The EPSON Ultraviolet Ink is available in a range of colors including black, cyan, magenta, yellow, white, light magenta, and light cyan. This makes it easy for customers to find the perfect color match for their printing needs.

EPSON UV Printing Ink is perfect for a range of application occasions and scenarios such as printing on promotional products, packaging, signage, and displays. With its excellent adhesion and chemical resistance, it is an ideal choice for printing on items that will be exposed to harsh environments such as outdoor signage or industrial products.

In summary, the Tucai brand from China offers a high-quality and cost-effective option for EPSON Ultraviolet Ink. With its compatibility with a range of printheads, excellent chemical resistance, and adhesion, this ink is perfect for a range of printing needs. Whether you are printing promotional products, signage, or displays, this ink is a versatile and reliable option.
